ESP Advantages

ESP Advantages

Enhanced Structural Polymer Components

- **More Uprights on Every Pool.**

Resulting in a stronger top ledge that offers maximum stability.

- **Oversized Corrosion-Free Foundation System.**

Providing a long lasting foundation that continuously stands up to heavy weight and corrosive soil conditions.

- **Exact-fit Components.**

No universal components that leave extra holes open, all parts are made specifically for one size pool. Resulting in pool components that lock out corrosion.

- **Optional Wall Saver Panel.**

Designed to withstand stress at the point where water enters and exits the pool for filtration.

- **Stainless Steel Fasteners.**

High grade stainless steel nuts, bolts and fasteners, eliminating the worry of rust spots on your pool.

- **Interlocking Stabilizer Rails.**

Fits tightly over your liner and the top of the pool wall. locking the liner in place to increase its life.

Features

Features

Creativity fueled by technology

- 8" Extruded Aluminum Top Ledges
- 7" Extruded Aluminum Uprights
- Extruded aluminum framework for strength and dependability
- Injection-molded resin ledge covers
- Resin bottom plate with integrated foot cover
- Stainless steel hardware

Elegance expressed through extruded aluminum - not only is the Navigator constructed of space-age aluminum, it also features the cutting edge of attractive design. Enjoy summers in an aluminum pool that will resist rust, stand up to years of use, and look fantastic wherever it's found.

The Navigator Oval Pool System is available with the Yardmore Buttress Free Oval System. This streamlined system was designed to use less space in your backyard. A structurally simplified design with the superior strength and durability of our traditional construction that is both efficient and attractive.
