4' x 5' Air Pillow

Brand: KWS
Product Code: AP45
Availability: In Stock
Weight: 0.00oz
Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: $9.99

Description
4' x 5' Air Pillow

- Heavy-duty gauge vinyl
- Prevents ice from pushing out on the pool walls

Pro-Tips for Using Pool Pillows

Never inflate to 100%: Only blow the pillow up to about **60% to 70% capacity**. If it is completely full, it will pop immediately when the freezing pool ice starts expanding against it.

Center and secure it: Use the built-in corner grommets to tie strings to the pillow, then anchor those strings loosely to opposite sides of the pool wall uprights. This ensures it stays exactly in the center of the pool all winter long.

Seal the valve: After inflating, press the valve in firmly and consider wrapping a layer of waterproof duct tape over it to prevent slow air leaks over the winter months.
