### Description

Oasis - Semi-Inground Swimming Pools

This aluminum slate wall pool is strong enough to support back fill up to 2' against the pool wall. Meaning this is a perfect pool for installations that are semi inground, installed into a slope, hill or uneven terrain.

\*Aboveground Pool Installs and Electric Service to Pools are not Included in the Price

### ESP Advantages

### ESP Advantages

Enhanced Structural Polymer Components

- **More Uprights on Every Pool.**

Resulting in a stronger top ledge that offers maximum stability.

- **Oversized Corrosion-Free Foundation System.**

Providing a long lasting foundation that continuously stands up to heavy weight and corrosive soil conditions.

- **Exact-fit Components.**

No universal components that leave extra holes open, all parts are made specifically for one size pool. Resulting in pool components that lock out corrosion.

- **Optional Wall Saver Panel.**

Designed to withstand stress at the point where water enters and exits the pool for filtration.

- **Stainless Steel Fasteners.**

High grade stainless steel nuts, bolts and fasteners, eliminating the worry of rust spots on your pool.

- **Interlocking Stabilizer Rails.**

Fits tightly over your liner and the top of the pool wall. locking the liner in place to increase its life.

## **Features**

## **Features**

Creativity fueled by technology
