Description

Oasis - Semi-Inground Swimming Pools

This aluminum slate wall pool is strong enough to support back fill up to 2' against the pool wall. Meaning this is a perfect pool for installations that are semi inground, installed into a slope, hill or uneven terrain.

*Aboveground Pool Installs and Electric Service to Pools are not Included in the Price

ESP Advantages
ESP Advantages

Enhanced Structural Polymer Components

• More Uprights on Every Pool.

Resulting in a stronger top ledge that offers maximum stability.

• Oversized Corrosion-Free Foundation System.

Providing a long lasting foundation that continuously stands up to heavy weight and corrosive soil conditions.

• Exact-fit Components.

No universal components that leave extra holes open, all parts are made specifically for one size pool. Resulting in pool components that lock out corrosion.

• Optional Wall Saver Panel.

Designed to withstand stress at the point where water enters and exits the pool for filtration.

• Stainless Steel Fasteners.

High grade stainless steel nuts, bolts and fasteners, eliminating the worry of rust spots on your pool.

• Interlocking Stabilizer Rails.

Fits tightly over your liner and the top of the pool wall. locking the liner in place to increase its life.

Features

Features

Creativity fueled by technology

- 8" Sturdy Aluminum Top Ledges
- 6" Aluminum Uprights
- Robust Aluminum for semi-inground installation
- Strong slat wall made from space-age Aluminum

Superior construction that's built for semi-inground installations, the Oasis is our Top-Of-

The-Line Aluminum Pool. Enjoy the advantages that semi-inground installation has to offer - better landscaping, convenient access and a fantastic looking pool!

The Oasis oval pool system is available with the Yardmore Buttress free Oval system. This streamlined system was designed to use less space in your backyard. A structurally simplified design with the superior strength and durability of our traditional construction that is both efficient and attractive.
