Description

Harbortown - Aboveground Swimming Pools

This is an affordable steel pool with premium features & designed with an attractive champagne ivory finish.

The Harbortown RTR's oval pool system is available with either the Yardmore Buttress Free Oval System or the Traditional Buttress System. The Yardmore Buttress Free System is a streamlined designed to use less space in your backyard. Both are structurally simplified designs that offer superior strength and durability that are both efficient and attractive.

*Aboveground Pool Installs and Electric Service to Pools are not Included in the Price

ESP Advantages

ESP Advantages

Enhanced Structural Polymer Components

- **More Uprights on Every Pool.**

Resulting in a stronger top ledge that offers maximum stability.

- **Oversized Corrosion-Free Foundation System.**

Providing a long lasting foundation that continuously stands up to heavy weight and corrosive soil conditions.

- **Exact-fit Components.**

No universal components that leave extra holes open, all parts are made specifically for one size pool. Resulting in pool components that lock out corrosion.

- **Optional Wall Saver Panel.**

Designed to withstand stress at the point where water enters and exits the pool for filtration.

- **Stainless Steel Fasteners.**

High grade stainless steel nuts, bolts and fasteners, eliminating the worry of rust spots on your pool.

- **Interlocking Stabilizer Rails.**

Fits tightly over your liner and the top of the pool wall. locking the liner in place to increase its life.
