

Balance Complete - 8 lbs

Brand: Bioguard

Product Code: 23480BIO

Availability: In Stock

Weight: 0.00oz

Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: \$24.99

Description

8 lbs - Balance Complete

What it does

Balance Complete is used weekly to counter the acidic impact of trichlor sanitizers, rain, and dilution that reduce total alkalinity in swimming pool water.

Features

- 72% Sodium Sesquicarbonate
- 5-10% adipic acid (specific amount trade secret)
- pH 9.5-10.5
- Compatible with trichlor, dichlor, and BCDMH systems
- Blueish powder with fragrance

Benefits

- pH and alkalinity buffering compound that reduces pool maintenance
- Prevents pH swings - keeping water balanced longer
- Excellent partner for pools using trichlor sanitizers
- Easy weekly application

Directions for Use

Directions for Use

1. Add directly to pool with pump running.
2. Use weekly at the rate of 1 lb. or 16 oz. per 10,000 gallons
3. Follow ALEX[®] Pro instructions for amount of product based on your sanitizer type and other test factors.
