Brand: Bioguard

Product Code: 23776BIO

Availability: In Stock

Weight: 0.00oz

Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: \$32.99

Description

67.6 oz - Pool Juice 911

What it does

This instant water rescue treatment contains powerful enzymes and high-powered clarifiers to quickly eliminate those unwanted conditions, with significant results in just 24 hours. The enzymes break down non-living organic waste such as oils, pollen, sunscreen, bather waste, hair care products, and more. Meanwhile, the clarifiers help gather and move the contaminants to the filter, where they can be removed from the water system.

Features & Benefits

- dialuminium chloride pentahydroxide 1-5 %
- pH 3.5-5.5
- For swimming pools
- Compatible with chlorine, bromine, saltwater, and SoftSwim® systems
- Dual action clarifier

- Powerful enzyme cleaner

Directions for Use

Directions for Use

Before applying Pool Juice 911: Make sure all pool equipment is working properly, including pump, filter, skimmer, and heater. If needed, backwash and/or clean filter according to manufacturer's directions.

- To clear cloudy water, apply this product weekly at a rate of **2 oz per 1,000 gallons** of pool water.
- *PRO TIP: 1 Pool Juice 911 capful = 4 oz*
- Apply directly into water while walking around deep end of the pool.
- Allow pump and filter to operate for at least 48 hours after application.
