This is the real difference-maker! FROG® Leap®'s Sanitizing Minerals create Fresh Mineral Water® in your pool — something no other product delivers. The combination of Minerals plus a low level of chlorine fight the battle of bacteria and deliver clean, crystal clear water that feels supremely soft. The prefilled Cartridge makes replacement easy — it's no mess, no guess and no stress!

- Kills bacteria
- Helps keep pH balanced and absorbs acids
- Conditions the water for softness
- Minerals are good for 6 Months

The Anti-Bac Mineral Pac is full of time-released active minerals. Effectiveness starts when the minerals are wetted and lasts for 6 months. Replace every spring or every 6 months, whichever is shorter. It's the combination of Minerals plus a low level of chlorine that reduce chlorine use up to 50%* and give you all the benefits.
