Availability: 10
Weight: 0.00lb
Dimensions: 0.00in x 0.00in x 0.00in

Price: \$30.99

Short Description

Short description needed

Description

Why use simple stick?:

- Reduces Chlorine or Bromine use which means longer life to the spa and its components
- Last for 4 months, eliminating daily maintenance
- Creates softer, cleaner water, and reduces chemical smell
- Compatible with Simple Blue and White River products, Ozone generators, UV sanitizers, and salt generators

Installation:

Simply drop the SIMPLE STICK purifier inside your filter cartridge, basket, skimmer or designated chamber. Or use the string to attach it to the spa's skimmer

Instructions for use:

- Balance your spa water according to manufacturer's specifications
- Once a week add 3 oz. of stain and scale remover per 500 gallons of water
- Once a week add 1 oz. of power boost or sodium dichlor per 500 gallons of water
- After each use add 1 tablespoon of Oxidizer shock (potassium peroxydisulfate) per person, per 250 gallons of water
- If your water becomes cloudy, add 1.5 tablespoons of power boost or sodium dichlor per 250 gallons
- Replace mineral stick every 4 months. The timestrip reminder lets you know when you are at the 3 month period, giving you time to replace the SIMPLE STICK
- **Note:** check the PH and alkalinity of the spa water weekly, always maintain proper levels
- Other routine maintenance products may be needed
